# Update on the National Cyber Security Strategy 2019-2024

Peter Hogan

05 October 2022

# National Cyber Security Strategy - Vision

*“An Irish society that can continue to safely enjoy the benefits of the digital revolution and can play a full part in shaping the future of the internet.”*

*National Cyber Security Strategy December 2019*

- Objectives
- 20 Measures for Delivery
- Implementation Monitored by Interdepartmental Committee

# Progress to Date

Figure 1: Strategy Overview

# Mid-Term Review

## Challenges

- Threat Landscape
- COVID-19 Pandemic
- EU legislation – NIS2 Directive
- Cyber Skills Gap
- Coordination of Research and Innovation Activities

## Opportunities

- Increased Government Investment in the NCSC
- Improved Cooperation and Information Sharing with International Partners
- Development of Cyber Ireland
- Increased Public Awareness

# Next Steps for MTR

- Consultation Paper
- Webinars - November
- Written Submissions
- Prepare Draft for Government Consideration before Year-End
